Shu-yu Yang is a registered pharmacist and the
director of pharmacy department at the Taipei City
Hospital Songde Branch (formerly known as the
Taipei Psychiatric Center). She received the PhD
degree in medicine and health from the School of
Medicine, Kaohsiung Medical University. Dr. Yang is
the Adjunct Assistant Professor at the Fu Jen
University School of Medicine, Taipei. Her primary
practice is in the pharmaceutical care for psychiatric
patients in the hospital and the community. Her
academic interest in the
Psychopharmacoepidemiology has led her to the
research and development of the assessment tools
for pharmacotherapy in psychiatric diseases and
potentially inappropriate medication in seniors. Dr.
Yang also teaches subjects on providing
pharmaceutical services in the long term care. She is
one of the researchers of an international
Psychopharmacoepidemiology research effort that
encompasses 15 countries/regions in Asia.
